Dear Mrs Barton,

In reply to your enquiry about a winter holiday at Christmas, we suggest the "Christmas in Québec" package of Aventure Québec.

We are sure that you will find Québec a fascinating destination with lots to see and to do. It is Canada's largest province and offers many wonderful landscapes. As you know it also has its own culture with the language, architecture and food, which gives it a distinct flavour and makes it perfect for a complete change of scenery.

Quebec city itself is one of the most popular destinations in North America. It is a vibrant city with interesting museums and exceptional architecture (the only walled city in North America, listed in UNESCO's World Heritage List)

The "Christmas in Québec" package combines sightseeing in Québec city and a discovery of the winter wilderness landscapes by snowmobiling and snowshoeing, with plenty of snow guaranteed! You will find the details in the attached document.

You should note that there is a discount for bookings made before September 30<sup>th</sup>.

Please contact us for any further question.

Best regards / Yours sincerely
